RE: Support for A.B. 147

Dear Assembly Member Burke,

On behalf of the City of Laguna Niguel, we are writing to express our support for your bill, AB 147, which is a measured approach to California's implementation of the landmark United States Supreme Court holding of *South Dakota v. Wayfair, Inc.*, (2018). This decision has the potential for a profound impact on sales taxation.

The implementation of the Wayfair decision will result in the collection of millions of dollars for state and local agencies from out of state and internet-based sales. This measure will help level the playing field for brick and mortar retailers and is an improvement over the State's Department of Tax and Fee Administration's proposed implementation of Wayfair based upon existing law.

We support your efforts to address the collection of local transaction and use taxes, following the Wayfair decision. Sales tax is our City's second highest revenue source and enables us to provide critical services such as law enforcement, fire and emergency medical response and road repair. We also strongly support any amendment that would distribute taxes from out of state and online retailers to the customer's city of residence. This method is fair, equitable and would allow for a much needed source of revenue for cities in California.

We are excited to support AB 147 because it offers a smooth implementation of *Wayfair* and will ensure the collection of millions of dollars in local revenue. We thank you for your leadership on this issue.

Sincerely,
