The establishment of prudent financial reserve policies is important to ensure the long-term financial health of the City.

### **B. Applicability**

This policy will apply to the City General Fund.

### **C. Reserve for Financial and Economic Uncertainty**

The City will maintain a Reserve for Financial and Economic Uncertainty equal to no less than 50% of annual General Fund operating expenditures. City Council approval shall be required before expending any portion of the Reserve for Financial and Economic Uncertainty. Unforeseen circumstances that may require an expenditure of such amounts include, but are not limited to natural disasters, unforeseen deficiencies of a major revenue source, or unexpected operating or capital expenditures.

If any circumstances noted above occur, and the Reserve for Financial and Economic Certainty falls below the City Council policy designated level of 50% of annual General Fund operating expenditures, all excess Unassigned fund balance in future years shall first be used to replenish the Reserve for

Financial and Economic Uncertainty until it reaches the policy designated level of 50% of General Fund operating expenditures. The City Council shall replenish the Reserve for Financial and Economic Uncertainty prior to expending unassigned fund balance for other purposes.
